CONNECTING OUR FUTURE

# Education Exchange

## Partners & History

The **Education Exchange** is made possible by the dense network of fiber optic cable installed across **North Georgia** over the last five years through a combination of federal and state investments partnered with community and entrepreneurial efforts. Founding partners are NGN in Clarkesville, Parker FiberNet in Rome, and ETC in Ellijay.

The Education Exchange will connect more than 330 schools in 30 North Georgia counties.
